

USDA Rural Development has approved a grant of \$740,000.00

Program: Emergency Community Water Assistance Grants

State/County: KS/Gove

Congressman: Mann, Tracey (KS 01)

Senators: Marshall, Roger (KS), Moran, Jerry (KS)

Recipient: QUINTER, CITY OF

Recipient Contact: Greg Thomas, City Administrator

Mailing Address: 202 Grove Street PO Box 555 Quinter, KS 67552

Email Address: gthom73@gmail.com

Phone Number: 785-754-3812

Project Description: This Rural Development investment will be used to complete improvements to the city's water supply system. The city has experienced severely reduced water levels in their two wells over the last seven years; dropping approximately 10-15 feet lower than normal. On September 2, 2021, the Kansas Governor issued a Declaration of Drought Emergency for the area. The proposed improvement project will include the installation of a new water supply well, well house, well metering, electrical telemetry, and more to provide a long-term solution to the city's ongoing water supply issues. Once this project is completed the city will have a safe and reliable source of water for many years to come.

People Who Will Benefit: 918

Additional Funding: Applicant Contribution: \$160,000.00

Total Project Cost: \$900,000.00
